

Sun Garden

The Sun Garden easily accommodates dining, facilitates spontaneous meetings, and offers ample study space.

It is also directly connected to the outdoor south plaza—encouraging community and social interaction.

With the Visitor Information Programs (VIP) and the Student Orientation and Registration (SOAR) program housed in the new Union, the Sun Garden provides a warm welcome to prospective students and University guests.

The Sun Garden helps to stitch together the adjacent spaces but also commands its own attention with an artistically-inspired 3-story stone fireplace, a beautiful wood eyebrow ceiling that extends from the outside in, and comfy pocket lounge loveseats and chairs sprinkled throughout the space.

Adjacent spaces include the UW Credit Union, Club, Union restaurants, Coffeehouse and winebar, Wiscard, Ice cream shop and the various service desks: ticket window, Union guest room desk, and VIP information desk.

Sun Garden
