

# Badger Hall

**Badger Hall is one of the signature spaces in the new south campus Union. It features beautiful hard wood flooring, natural light from both the west and south, and an elegant and sweeping piano key ceiling system—all of which is enhanced by being uniquely Wisconsin.**

**It is a multi-purpose facility that is equipped to accommodate a range of activities including Badger tailgate parties, elegant dinners and weddings, conferences, poster board sessions and symposiums, live music shows, lectures, and student dances, performances, and showcases.**

**Badger Hall is situated along the northwest corner of the Union on the second floor. It opens up into an elegant South lounge that overlooks the south plaza and Camp Randall boasting a baby grand piano and comfortable study lounge furniture. Badger Hall is also purposefully located near the 350-seat theater and various meeting rooms to support large events, showcases, or conventions.**

# Badger Hall
